OUR AIMS AND SPHERE OF ACTIVITY

2

The state enterprise for Foreign Trade and Investment «PROMOBORONEXPORT» is a Subsidiary of the State Company for Export and Import of Military and Special Products and Services «Ukrspetsexport». Our enterprise was established in 1998 with the purpose to implement the state interests in the sphere of military and technical cooperation with foreign partners, expand export potential of the Ukrainian defense industry, as well.

3

Nowadays, the priority areas of the PROMOBORONEXPORT activity are as follows:

- export of military products and services including defense and special technologies, ammunitions, weapons, special materials and hardware, life saving equipments, individual protections, components and spares which are made by Ukrainian companies;
- overhaul, modernization and maintenance of weapons and arms, produced by the Ukrainian and Soviet Union manufacturers;
- import of military and special products (components) by the Ukrainian state authorities and enterprises on demand;
- investing in R&D of the new defense technologies, as well as manufacturing application of these technologies;
- foreign military personnel training;
- technical assistance in service, maintenance and repair of armament and military hardware.

OUR CAPABILITIES, OPERATING METHODS AND WORK PATTERNS

4

Since its foundation, PROMOBORONEXPORT has closely cooperated with defense companies run by the Ministry of Industrial Policy, the Ministry of Defense and the National Space Agency of Ukraine and also with a number of non-State research and manufacturing entities and enterprises of mixed ownership.

We apply a multi-path approach to the specific needs of the customer. And also provide intermediary, commercial, dealer, distributorship service as well as pay special attention to the promotion of advanced Ukrainian technologies, in addition to the provision of investment support for the development of new weapons and military hardware.

Representing the interests of Ukrainian manufacturers, and acting as an integrator entity for a broad range of projects, we are focusing on its bringing to the sphere of practical implementation, manufacturing application of technologies and the development of new armament and weapons tailored to specific customer needs.

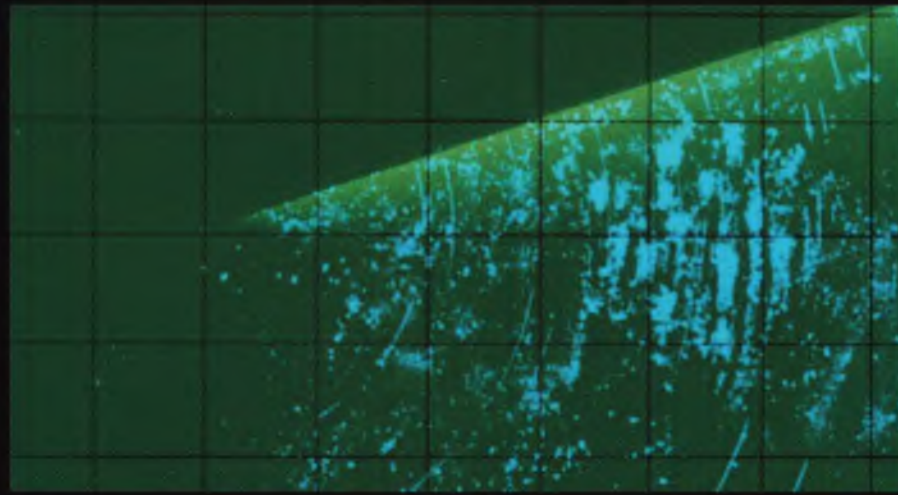

OUR ACHIVEMENTS

6

Highly qualified personnel, longstanding experience on the export market and favorable reports from our customers have allowed PROMOBORONEXPORT to establish business relations with a good deal of customers in Europe, Asia, Americas, Africa and Australia.

7

Since a date of our foundation we became a good partner for a lot of Ukrainian manufacturers, design bureaus and repair plants in representing on the world market their capabilities in development, repair and production of the different types of radars, electronic warfare systems, guided weapons (air-to-air missiles, antitank missiles and projectiles etc.); rocket engines and spacecrafts, main battle tanks and armoured personnel carriers, as well as active defense systems and reactive armour for it; aircrafts and UAV; navy vessels; engines for aircrafts and ships; control and maintenance equipment; equipment for special services.
